

**Website Developer  
(SSA, Resident Consultant)**

UNDP Somalia is looking for a website developer/programmer to be deployed on a short-term basis to design a campaign website for the Independent Federal Constitution Commission of Somalia under supervision of the UNDP Somalia Constitution Making Support Project. In addition websites for the Ministry of Constitution & Federal Affairs and the Parliamentary Constitution committee of Somalia might be requested. The successful candidate for this assignment will play a leading role in development of the website(s) using PHP open source platforms. We are looking for an energetic, creative and quality-conscious individual, with strong, campaigning-oriented website development/programming skills, experience working in a cross-unit environment and excellent communications, online writing, and training skills, preferably in Somali.

**Expected Deliverables:**

Under the guidance of the UNDP Information Technology team, the Website developer will be required to develop the website(s) with the following functionalities;

- Audio and video live streaming of conferences and of programs delivered by external media partners for the campaign and possibility to rebroadcast on demand
- Lively Graphics and presentation of other data input during the campaign
- Library for both download of documents, promotion/campaign materials
- Chat/blog page for active discussions with a log book for all inputs provided – this should also include the possibility to register for email updates on the process
- Profile page for members of the IFCC (Ministers, PCC)
- Web Basics: Links, trackers, search option, etcetera
- A News Bar with live streaming updates on Somalia and Campaign developments

**Training and Documentation**

- Systematically document programming code and system technical descriptions
- Provide training to the to be recruited IFCC webmaster based in Djibouti
- Provide a logbook/ site manual

### Qualification Requirements:

The successful candidate will have the following qualifications:

- Degree in Computer science, with at least five years' experience in Website Design and Development.
- Proven Experience in designing web-based applications using PHP, ASP, ASP.NET
- Programming experience, with an emphasis on website design and development and/or server-side/client side applications.
- Client side coding: Mastery of Cascading Style Sheets (CSS), XHTML, DHTML, Java scripts, HTML templates, complex tables, frames and image maps. Must possess working knowledge of basic composition, page layout, art and office/web software packages such as MS Word, Excel, Adobe PageMaker, Illustrator, Photoshop and Acrobat (or Free/Open Source Software equivalents).
- Server side: Extensive knowledge of scripting languages such as PHP, ASP, VB and ASP.NET
- Extensive knowledge of database-driven websites integrated with content management systems (CMS) both in open source Linux and Windows.
- Proficient with Database; MYSQL, SQL, CGI / PEARL, MS Access databases
- Knowledge of W3C standards such as XHTML, accessibility standards, content sharing standards such as RSS/RDF and Open Archives Initiative.
- Proficiency in the use of web protocols including HTTP, HTTPS, WSFTP, SSL, SOCS, FTP and TELNET
- Experience with Apache web servers, Internet Information Server (IIS)
- Experience with Macromedia Dreamweaver, Macromedia Fireworks, visual studio, Adobe Photoshop and front page, CSS-P, CSS 2.0 and ColdFusion.
- Ability to handle simultaneous projects and tasks in a process-oriented manner.
- In addition to the requirements defined, the advantage is previous experience with UN
- Understanding of the Somali and/or Arabic language would be a great asset

### Duration:

One month, with possibility of extension. The assignment will be based at the UNDP Somalia Office, at Springette in Spring Valley.

Please send your curriculum vitae, marked **Website Designer SCMSP Before Wednesday April 28, 2010** to: The **Deputy Country Director Sergio Valdini (Operations), United Nations Development Programme - Somalia, P.O.
